

**FINDING OF NO SIGNIFICANT IMPACT  
CONCERNING PROPOSED REGULATIONS**

**The Presidio Trust  
September 1998**

Having reviewed the Environmental Assessment of Proposed Regulations (September 1998), I have determined, on behalf of the Presidio Trust, on the basis of this Environmental Assessment and for the reasons stated therein, not to prepare an environmental impact statement and instead to issue a finding of no significant impact for the adoption of these Regulations as interim final regulations and for publishing these Regulations as proposed regulations.
