

Conceptual Alternatives Response Form

We Want to Hear from You!

How to Use this Form:

1. Use the information in the workbook and the Summary Charts on pages 22-25 to review the alternatives, and refer to the detailed descriptions and maps of each alternative as well.
2. Please consider these **key questions**:
 - Do these conceptual alternatives reflect plan options for study in the EIS?
 - If none of the conceptual alternatives are ideal in your view, how would you configure your preferred alternative?
 - What park programs, if any, do you consider a priority for the Presidio's future plan?
 - Are there environmental impact topics other than those on page 4 that should be studied in the EIS?
3. Use the response form to record your ideas and comments.
4. Once completed, fold the form in half, staple and mail back to us. Insert additional pages if needed. You may also e-mail your comments to ptip@presidiotrust.gov or FAX them to (415) 561-5315.

Please send your response form and comments by January 15th, 2001.
